FmHA AN 888 (1940)

August 5, 1983

SUBJECT: Public Law 98-63, Supplemental Appropriation -
Fiscal Year 1983

TO: State Directors and Assistant
Administrator Accounting and
Director, Finance Office

This AN modifies FmHA AN 880(1940) dated July 21, 1983.

Public Law 98-63, signed by the President on July 30, 1983, authorizes an additional \$25 million for insured farm ownership loans in fiscal year 1983. This authority is available for immediate use and increases the amount that will be available after pooling on August 5, 1983.

The use of these funds will be controlled by the National Office. State Directors may request funding for individual cases by forwarding a list of applicant names and amount of loans listed in priority order, to the Director, Farm Real Estate and Production Division. The State Directors and the Finance Office will be advised by electronic mail of the cases authorized for funding.

This law also authorizes an additional \$50 million for guaranteed operating loans. We anticipate that this \$50 million will be sufficient to meet the demand for guaranteed operating loans through the end of this fiscal year; therefore, obligating documents may be sent to the Finance Office for funding on an as received basis, without prior concurrence of the National Office.

CHARLES W. SHUMAN
Administrator
